

ATTACHMENT TO 9 April 1975 PETITION SEEKING RELIEF FROM KEY BUILDING  
PARKING FEE INCREASE(S)

While circulating this petition, I learned that the Government (Agency) implements different employee parking policies at different Agency occupied installations outside Langley Headquarters, and does in fact provide employee parking at least at some of them. This seems to reflect a very basic and serious inequity deserving attention.

Since this information came too late to be included in the present petition, but would seem of sufficient importance to warrant another one, perhaps an appropriate reference in the response to this petition could obviate any need for another.
